ONWARD & UPWARD

ART IN THE GARDEN OF LIFE

Image by Anya Jarman, 2020

FROM 2 OCTOBER

The direct reason for the exhibition ONWARD&UPWARD is the uncertain present in which the COVID-19 pandemic brought us. However, have there ever been times full of certainty and security? The concept behind the exhibition therefore looks beyond the insecurity of the current crisis.

ONWARD&UPWARD reflects on the uncertainties and pitfalls of life itself and on man's strength to continue; we must carry on moving 'onward' and 'upward' using all the means at our disposal.
